MacArthur Tells Japs They're Not Equals

Gen. Homma Of Bataan Ill-Fame Held By Police

TOKYO (AP)—Gen. MacArthur's headquarters bluntly informed Japan today that she was not an equal of the Allies in any way and would have to quit acting like one.

While four more of Japan's wanted big-shot militarists surrendered, Col. Donald Hoover, head of censorship in Gen. MacArthur's counterintelligence office, called in the heads of Japan's press and radio, told them that their distorted stories of the occupation must cease forthwith and that Japan was "a defeated enemy which had not yet demonstrated the right to a place among civilized nations."

Col. Hoover announced that the Domei agency, suspended Friday because of distortions and bad faith, would be permitted to resume operations only on a limited domestic scale and under 100 per cent U.S. censorship, but that Domei and any others who transgressed again would be closed.

After a conference at Gen. MacArthur's headquarters with Allied press division officers, officials of the Domei agency returned to their office and told key executives to prepare to resume operations at noon.

At the Domei plant the entire news staff had waited throughout the morning hoping the situation would be clarified.

Foreign Service Entirely Cut Off

(Tokyo broadcasts said Domei has been told it can supply domestic news within the home islands under "100 per cent censorship" of the army, but that its foreign service is terminated. There are 3,000 Domei employees overseas.

(The broadcasts said press copy of Domei recently appearing in Japanese papers conveyed the idea that Japan and her conqueror are "negotiating" and have not made clear that Japan is a defeated nation taking orders from the victor.)

Meanwhile Lt.-Gen. Masaharu Homma, whose Japanese soldiers tortured and killed Americans and Filipinos during the 1942 "Bataan death march," appeared in police custody and said he would give himself up to Gen. MacArthur.

He was high on Gen. MacArthur's list of 47 "wanted" men—a list being accounted for with dispatch.

The No. 1 man, Hideki Tojo, is in custody at an army evacuation camp, recovering from a bungled suicide attempt. Friday four more of his war-making cabinet, presented themselves at U.S. 8th Army headquarters in Yokohama.

Tojo's Closest Henchmen Held

They included two of Tojo's closest henchmen in enforcing his dictatorial reign—Lt.-Gen. Teiichi Suzuki, former minister without portfolio as well as president of the influential cabinet planning board, and Okinori Kaya, former finance minister.

The other former ministers surrendering were Michiyo Iwamura, justice, and Sekiya Ino, agriculture and forestry.

Another who appeared was Schozo Murata, one time Japanese ambassador to the puppet Philippine republic.

Homma and his successor, Lt.-Gen. Shigenori Kuroda, drove to a suburban Japanese police station and surrendered to await questioning.

Jose P. Laurel, puppet President of the Philippines under Japanese rule, his son, Jose III, and Benivno S. Aquino, president of the Puppet National Assembly, were jailed today.

Consumer Strike On Meat 'Serious'

EDMONTON (CP)—Edmonton meat dealers reported today that the "consumer strike" against meat rationing has reached a serious stage with processed meats starting to spoil on the shelves. Some dealers said large quantities probably would be dumped into garbage containers Monday.

One dealer said prices were slashed to attract buyers but the demand for cold meats has been small. "They won't give up coupons for cold meats," he said.

No Pay for 1,000

WINDSOR, Ont.—Some 1,000 office employees of the Ford Motor Company of Canada Ltd. were unable to draw their salaries on their semi-monthly pay day today as pickets from Local 200 of the United Automobile Workers (C.I.O.) continued their patrol of the plant where a strike involving about 10,000 production workers is in its fourth day.

Czechs Get Revenge

PRAGUE (AP)—Kurt Blastkowitzka, 39, prosecutor for the Germans during the occupation era, was hanged in the courtyard of Pankrac prison tonight three hours after his conviction in a peoples' court as a war criminal.

Wins Scholarship

VANCOUVER (CP) — Grant MacKinnon, 17, of Victoria has been awarded a $200 university scholarship offered by the Vancouver Sun to its carrier boys, it was announced today.

He averaged 81 per cent in his university entrance exams, and tied with Raymond Leblanc of Vancouver, who also received an award.

Menaced With Knife

VANCOUVER (CP) — Police were conducting an intensive search today for a middle-aged man, reported to have threatened two seven-year-old girls with a knife as they were walking home in the Fraser district here Friday.

Blanche Smith and Ellen Pierce told police the assailant stepped out of an auto and followed them, chasing them for more than a block.

Biggest Party Welcomed Back From Overseas

Hundreds of members of Victoria families waited in the early morning drizzle at the C.P.R. docks today to welcome back their fighting men who arrived in Canada last weekend as part of the largest contingent of returned men to come back to their Pacific coast homes since the war's end.

Friday afternoon many families were bitterly disappointed when the afternoon boat on which they hoped the veterans would return arrived with only a section of the troops. The troop train had arrived in Vancouver too late to catch the special boat.

It was the end of a victorious journey across Canada for the returning heroes. At every stop they were met by cheering crowds and auxiliary services showered them with comforts.

At Montreal, the Canadian Legion made available a battery of telephones for the men. Willing girls were there to help the soldiers get their calls through to eagerly waiting families.

HER BIG DAY

One of the happiest parents was Mrs. V. Holmes who, as a member of the Canadian Red Cross, has welcomed back thousands of veterans in the last year. Today she welcomed back her own son, Gnr. "Happy" Holmes. With her, meeting "Happy" was her husband, A. E. Holmes, who served with the Canadian First Division during the last war.

"Happy" found it "kind of strange," but "good to be back." To Mrs. Holmes, it was "the big day in my life."

Overseas chum of "Happy" for their service of over four years was Gnr. Doug. Whyte, well-known Victoria athlete, who was in the Dieppe raid, and on other war fronts. His parents, Capt. and Mrs. H. E. Whyte, who live on Beechwood Avenue, his sisters and other friends were there to meet him, including his old army chum, Hank Rowe, who was with him in the Dieppe raid.

Sgt. Tommy Burgess, 5th Anti-Tank Regt., said he had "no feeling at all yet . . . just numb." His wife found it "the happiest day of my life." They sought shelter from the rain in the Red Cross-Legion welcome hut while arrangements were made to take them to their home at William Head where a family of six waited to greet their father. He has put in three years' overseas service and seen action in France, Holland, Belgium and Germany.

Lieut. Gordon Jennings, Royal Winnipeg Rifles, met at the dock by Patsy Scurrah, hurried home to meet his mother, Mrs. G. W. Jennings at 1596 Clive Drive. He was wounded in action in Europe. Three brothers, Bob, Michael and Bill are still overseas.

A LONG WAIT

Bdr. F. H. Carr, whose mother, Mrs. J. Carr, lives at 122 Medina Street, said his arrival was "just what I've been waiting for. It's been a long time."

Capt. G. W. Archer, R.C.A., returned home after nearly five years' service overseas. He wore the wings of a pilot for artillery air observation. His parents, Mr. and Mrs. J. Beyrne, live in Lake Hill.

Parents of Pte. M. J. Barrett, R.C.O.C., were among the waiting crowd. Pte. Barrett, in his four and one-half years overseas, saw action in Sicily, Italy, Holland and Belgium. Also at the dock was his brother, Gordon, now discharged, who served overseas with the Canadian Armored Corps.

'JUST GRAND'

"Just grand," was the opinion of Sgt. C. Horal, R.C.C.S., of his arrival home. His mother, Mrs. J. Lautman, lives at Ganges.

Capt. R. M. Hemmingsen, who served in Holland while attached to a British regiment, the Seaforth Highlanders, was met by his parents, Mr. and Mrs. M. Hemmingsen, 2706 Cedar Hill Road.

CQMS. Alec Merriman, R.C.O.C., met with a hearty welcome from his war bride, who came to Victoria a few months ahead of him, his father, F. J. Merriman, his sister, Joy, and his brother Fred. CQMS. Merriman served overseas four years, including service in France and Belgium.

Sgt. E. E. Jackson, whose father and sister live at 3114 Albina Street, had spent 5½ years overseas. He was educated in Sidney. Gnr. P. B. Hoole, R.C.A., who spent four years overseas, grinned happily at the sight of his parents, wife and baby. Gnr. G. Durell, R.C.A., who also spent four years overseas, was met by his mother.

Sgt. V. P. Weber, P.P.C.L.I., of Shawnigan Lake, was greeted on the wharf by his mother and father. He went overseas in August, 1940. Sgt. E. F. MacMillan, R.C.E., had spent two years overseas. His wife lives at 1020 Bewdley Avenue.

Cpl. S. A. Bittancourt, Canadian Scottish, said he had served six years in the army, four of them in the United Kingdom. His mother and brother live at 924 Bank Street. Sgt. A. A. Lahmer, son of A. Lahmer, Strawberry Vale, went overseas in 942 and served in France and Germany with the Royal Canadian Corps of Signals.

Tank Transport officer Lieut. E. F. Meade, coming ashore with a broad smile that told of his happiness on returning from three years overseas, said: "It's very, very good to be back." He said he had written a novel while overseas which will shortly be published by Faber & Faber.

L.-Cpl. D. R. Winchester of the Essex Canadian Scottish, who spent five years overseas, eagerly scanned the crowd for his wife. Sgt. D. C. Croston and R.S.M. Alan Stothard were in too much of a hurry to get ashore to stop and talk.

Pte. C. J. Grundy, Royal Canadian Army Service Corps, overseas for four years, said he was going to stay with his brother at Lake Hill. Capt. R. G. S. Bradshaw of the same corps, meeting his wife and mother at the wharf, declared it was fine to be home.

Honored for Making Jeep Into Ambulance

CSM. W. T. Pearson, R.C.A.S.C., arrived back in Victoria after four years' overseas service in which he won the M.B.E. and a Mention in Dispatches. He was named in the 1943 New Year's honors a Member of the British Empire for devising a special framework, which, when fitted, turned the famous jeep into a front line ambulance. Army officials have highly praised the work of this midget ambulance which has been the means of saving many lives. Former member of the Oak Bay fire department, CSM. Pearson fought from France through to Germany. He is shown above at the C.P.R. dock with his father, W. J. Pearson, a veteran of the last war, his wife, Jessie, and his mother.

Russia's Mediterranean Demands Wider Than Powers Expected

LONDON (AP)—A reliable report that the Soviet Union has made territorial demands in the Mediterranean area considerably beyond anything the United States and Britain had anticipated was interpreted in diplomatic quarters here today as an indication of Russia's determination to become a Mediterranean power.

The Soviet's proposals arose, authoritative sources said, during a discussion of Italy's colonies by the Big Five Council of Foreign Ministers Friday.

Diplomats speculated that the Russian demand referred to the strategic Dodecanese Islands strung across the entrance to the Aegean Sea and guarding the approaches to the Dardanelles.

The report of the surprising Russian move came shortly before the council issued a communique announcing that all nations which had warred against Italy would be asked to submit in writing their peace treaty proposals.

The Russians are demanding increased control of the Dardanelles, which belong to Turkey. It is reported they are suggesting the internationalization of the straits by powers on the Black Sea shores — Russia, Romania, Bulgaria and Turkey.

The Big Five foreign ministers met again this afternoon and may hold another session Sunday.

Turkey Opposes Russian Proposals

LONDON (Reuter) — The Turkish government opposes the idea of joint Soviet-Turkish bases in the Dardanelles, but it is prepared to agree to the setting up of joint United Nations bases, it was understood today.

The views of the Turkish government on subjects under discussion between it and the Soviet authorities have been laid before the Council of Foreign Ministers.

Developments Still Waited in Hold-Up As Hunt Goes On

Reports that Saanich police were following up an important clue in the search for the hold-up man who attempted to kidnap 16-year-old Gillian Goolden for $50,000 ransom were met by Saanich Police Chief Josiah Bull today with a statement that he would be glad if he had something new to announce, but that there were no developments at present.

The search for the bandit has continued for 11 days since, armed with a blue-steel automatic pistol, he robbed Mrs. Massey Goolden of money she had in her country home on Sayward Road, bound and gagged her 21-year-old daughter Ann, and tried to kidnap Gillian.

His kidnapping attempt was frustrated when Gillian worked a gag from her mouth at the gate of the country estate and started to scream.

All district police forces joined the Saanich force in the search for the hold-up man, whose description was obtained from Mrs. Goolden and her daughters. Many reports of persons resembling the bandit have been received since the search began, and each has been carefully checked.

Canadian Flier Killed

NEWTON-STEWART, Wightonshire, Scotland (CP) — The body of a Canadian sub-lieutenant in the Fleet Air Arm, found beside his wrecked plane, was buried here today.

Wreckage of the plane, reported missing, was found by a shepherd tending sheep on the Galloway Hills in this southwestern Scotland area.

MacQueen Rejects Move to Withdraw

Maj. L. H. MacQueen, Independent Progressive Conservative nominee in the Saanich constituency for the Oct. 25 provincial general election, was approached Friday with requests that he withdraw his nomination, it was learned today.

Frank Davey, campaign manager for Maj. MacQueen, said Maj. MacQueen had rejected the representations, which were made by Maj. A. D. Macdonald of Sidney.

In a statement Mr. Davey said: "Maj. Macdonald said he was not interested in the Conservative Party although on the seventh of this month he was elected president of the North Saanich branch of the Progressive Conservative Association. He said he was in this thing only for the Coalition."

Meanwhile plans were being formulated to hold a joint nominating convention Sept. 25 at Royal Oak Hall at which delegates from the Progressive Conservative Association and the Liberal Party will name a Coalition candidate.

It is believed Norman Whittaker, K.C., Speaker of the 20th Legislature, a Liberal, is in line for the Coalition nomination.

Although an invitation has been extended to Mr. Davey to attend the Coalition nominating convention, he said today he would not attend.

2 Knocked Down, Injured by Truck

John Cochrane, 815 Linden, druggist, and Miss E. Wilson, 1415 Harrison Street, were taken to hospital today after being struck by a panel truck at the intersection of View and Broad Streets.

According to the police report, Mr. Cochrane and Miss Wilson had just stepped onto View Street when they were hit by the truck, Mr. Cochrane being knocked to the street and Miss Wilson being carried for about 30 feet east on View Street. Police said the truck was driven by Mildred Mary Falk, 634 Admirals Road, and was owned by the B.C. Meat Market.

Taken by police to St. Joseph's hospital in a semi-conscious condition, Mr. Cochrane was reported to be suffering from head injuries. Miss Wilson was taken to Jubilee Hospital and was reported to have back injuries. Both were given X-ray examination.

General Motors Men Asking Strike Vote

DETROIT (AP)—The United Automobile Workers (C.I.O.) announced today the intention to petition for a strike vote in 135 General Motors plants throughout the U.S., affecting 325,000 workers.

Walt R. P. Reuther, vice-president, told a press conference of the move less than 24 hours after virtually all production in Ford Motor Company plants had been halted, leaving 50,000 Ford employees idle and indirectly affecting 75,000 others.

Registering Voters Winds Up on Monday

Registration for voting in the Oct. 25 provincial general election will close Monday night at registration centres throughout Vancouver Island.

By that time all persons who wish to exercise their franchise should check the voters' list to confirm that their names are on or, if they are not, they should make the necessary application to have them inserted.

Only names of persons resident in Victoria who voted in the 1941 provincial general election in Victoria constituency have been retained on the lists.

Millions of New Hongkong Dollars Delivered By Cruiser Ontario

By CMDR. PETER MacRITCHIE, R.C.N.V.M.

HONGKONG (CP)—Carrying several million newly-struck Hongkong dollars, the Canadian cruiser Ontario has reached Hongkong from England to join the Canadian anti-aircraft cruiser Prince Robert.

The Robert's crew is being given a rest after the arduous days following the landing at Hongkong and liberation of Canadian prisoners.

The new dollars are being distributed and will help ease the chaotic conditions which prevailed before the Ontario arrived. Merchants were not able to do business because of the confusion of currency.

The islands merchants now are producing all kinds of goods from nowhere. From now on the Japanese occupation yen will not be recognized.

The Prince Robert now is awaiting the surrender, which has been postponed a dozen times due to other countries' arguments over crown colony's future status. It is intended that Capt. Wallace Creery of Vancouver, captain of the Prince Robert, and Brig. O. M. M. Kay, military attache to the Canadian embassy at Chungking, will be the Canadian signatories.

The Ontario may possibly visit a British base shortly with a view of having herself modified to peacetime standards and making her more comfortable for the crew.

The Ontario reached Hongkong via Malta, Alexandria, the Red Sea and Ceylon.

Britain Celebrates Anniversary Of Victory Over Nazi Luftwaffe

LONDON (Reuter) — Thirty miles of fighter squadrons roared over London today in tribute to the heroism of the handful of fighter pilots who five years ago saved Britain from the German Luftwaffe.

Londoners remembered former Prime Minister Winston Churchill's "never have so many owed so much to so few" as the mighty roar of the fighter planes recalled to them Sept. 15, 1940, when the R.A.F.'s tired pilots shot 185 Nazi raiders out of the sky—"the most brilliant and fruitful" of large scale air engagements, as Mr. Churchill said at the time.

And in every part of the world where the R.A.F. is stationed the thoughts of personnel were turned to those heroes of the Battle of Britain who stemmed the tide against Hitler's Luftwaffe.

At Southeast Asia Command headquarters, Kandy, Ceylon, Air Marshal Sir Keith Park, Allied air commander in Southeast Asia, who commanded No. 11 Fighter Group during the Battle of Britain, took the salute at a march past.

In New Delhi and Bombay, too, the occasion was commemorated. Air Vice-Marshal R. L. Ragg, who took the salute at New Delhi, gave four reasons for Britain's successes over the Luftwaffe: 1. Superior discipline and morale; 2. Better training; 3. Superior fighter aircraft, and 4. Teamwork between squadrons, ground staffs and the operations room staffs.

He served in France, Germany, Belgium and Holland. Before joining the army, he attended George Jay and Victoria High Schools and was employed as a laundryman at the Jubilee Hospital.

Sgt. F. C. Waters was met in Vancouver by his wife and his daughter, Valeria, who accompanied him home. Sgt. Waters is living at 917 North Park Street. He spent two years in the United Kingdom with the Royal Canadian Artillery, to which unit he transferred after originally joining the Forestry Corps in July, 1940.

Urge State Share Parents' Burden In Great Britain

LONDON (CP)—The economic burden of children must be moved from parents to the community, work in the home must be eased and more leisure afforded the wife and mother, said a report of the standing joint committee of working women's organizations issued here today.

The report was prepared at the request of the Royal Commission on Population, which invited opinions on the extent of the practice of contraception, motives for family limitation, conditions that operate at present to keep down the size of families, and measures that might be taken to influence present trends.

The report said population is pre-eminently a woman's question, "as no one can make women have more children unless they want to have them."

The woman's attitude was influenced in part by the estimation in which the rearing of a family and the work of a home are held by the community. This work never has received the status it deserved.

The committee said it held strongly to the view that a married woman should be free to choose whether to devote herself to a home and family or enter employment outside the home. Social services for mothers and children should be organized so she could make her choice freely.

Clerks Promote 2 Holiday Plans

The Retail Clerks' Union of Victoria is promoting two separate plans for all-day retail store closing in Victoria during the week.

All-day Wednesday closing of retail butcher stores throughout the Dominion because of meat rationing will be suggested to Prime Minister King in a wire tonight from the Retail Clerks' Union of Victoria.

Following a meeting Friday night, the union decided also to protest the rationing of cooked meats and organs of animals.

According to George Wilkinson, secretary, the butcher members of the union felt rationing of meat, while not necessary now, would be necessary by December. The butchers, he said, did not complain about the principle of rationing, but felt the orders were too stringent and complex.

A system of rationing meats as previously instituted in Canada would meet with their approval.

The union members, however, feel Monday is the best day to have an all-day holiday instead of the present Wednesday half-holiday.

Mr. Wilkinson told the union the holiday could be effected within six months if a full campaign were launched. He reported on work leading to approval by the Union of B.C. Municipalities of an amendment to the Weekly Half-holiday Act.

Canadian Prisoners Back From Hongkong

Captured in Hongkong on Christmas Day, 1941, the first of Canada's prisoners in Japanese hands reached the soil of their homeland Friday at Vancouver. They spent 24 months in one of Japan's most infamous prisons and are members of the Royal Rifles of Canada and the Winnipeg Grenadiers. From left to right: Cpl. M. J. Carter, Toronto; Pte. E. B.C.-Produced Seaweed Cereal May Feature Atom Age Breakfast

In this atomic age the last word in breakfast cereal is seaweed.

At least that is the way Marine Laboratories Ltd. of Eburne feel about it.

While seaweed cereal is still a little way off, in a few weeks now the firm will be turning out a variety of seaweed products for medicine purposes and to supplement ordinary diets of both human beings and animals.

The products for human consumption are being prepared from neurocystisus, a larger kelp common on the southern coast of British Columbia. This product is rich in minerals and iodine, and is expected to be on the market shortly in tablet form.

The company's preparation for animals is from marcocystisus, and will be used to enrich brans and grains for stock.

The firm believes a wide market will be built up in Canada, and their product will be used particularly for its conditioning powers and as a tonic for cattle which are kept in the barns all the time, being fed only grains and hay.

Other products the firm hopes to market soon include a substitute for agar-agar, a seaweed product used for its laxative qualities as well as in laboratores and in production of ice cream.

With the cutting off of agar-agar supplies from Japan, there has been quite a scramble for other sources. The firm hopes to develop the local and Canadian market for this product.

Considerable research in seaweed products has been done recently by the National Research Council.

Whether or not B.C., which has led in Canada in development of these products will win a permanent industry, is not yet known.

"The whole seaweed business is gradually coming to the fore, but whether it is just a war baby or not remains to be seen," said G. F. Alexander, B.C. assistant fisheries commissioner.

Considerable development of seaweeds for enriching foods has been effected in Britain.

One thing appears certain, however, there is an abundant supply of kelp in B.C. waters for the production of seaweed products if the markets can be maintained.

Golf Meet Canceled

SAN FRANCISCO (AP)—One of the fixtures of the winter circuit since 1932, the annual San Francisco open golf tournament has been discarded indefinitely by the Junior Chamber of Commerce amidst a welter of charges against the Professional Golfers' Association.

The civic organization issued 1,500 chosen words accusing the P.G.A. of lack of co-operation and what amounted to selfish money interest. The statement also indicated the tournament sponsoring body had found difficulties trying to raise the $10,000 required as a guarantee.

The junior chamber's verbal blast, credited to president Bel Brown, charged that "the sole aim of the P.G.A. is not the promotion of golf but the making of quick money for its touring members."

R.A.F. Prison Break Survivor Tells of Unique Exploit

OTTAWA (CP) — The almost incredible story of 15 months of painstaking effort which preceded the ill-fated escape of 76 Allied air officers from Stalag Luft III in March, 1944, was told to the Canadian Press today by Flt. Lt. A. Keith (Skeets) Ogilvie of Ottawa.

By "sheer luck," Ogilvie was one of 12 survivors to return to the camp after 50 others, "including eight Canadians," had been shot "at random" after their recapture.

(At the time, London reports said six Canadians were among those shot in cold blood by the Nazis).

Ogilvie, who went overseas to join the R.A.F. in 1929, recently returned to Canada and Friday celebrated his 30th birthday—his first at home in seven years.

The mass escape was designed as a screen to enable "certain key men" to reach England, he said. Of three who eventually got to Britain, he believed at least one was one of these key men.

350 FEET LONG

Some 100 tunnels were started and discovered before success was achieved by the most elaborate of all, a 350-foot tube, three feet high, three feet wide and 30 feet below the surface, which had such refinements as a small wooden railway, lighting, and a pressure ventilating system.

Co-ordinating the work, which involved at least 500 prisoners and the simultaneous construction of three tunnels more than 300 feet long, was an R.A.F. escape expert known even to all but a handful of his fellow prisoners only as "Big X."

After nine months of work and several heart-breaking cave-ins, "Harry," as the tunnel was named, was completed on March 23. The "break" came off "like a military operation." Unfortunately, the 77th man to emerge was caught by a guard and the alarm given.

SENT TO GORLITZ

Ogilvie was among 32 caught and handed over to the Gestapo at Gorlitz in Silesia.

"They told us some would be shot, but we thought it was the usual Nazi bluffing," he said. "For several days they picked out groups of six or eight at random. It was just luck that I wasn't among them."

He was one of four returned to Stalag Luft III from Gorlitz and there found eight other escapees who had been recaptured.

Round-up

By TOM MERRIMAN

IMMEDIATE employment is the principal interest of 80 per cent of Canadian ex-servicemen and women. Of 15,754 persons interviewed by Veterans Affairs officers in June, 23 per cent expect reinstatement in their old jobs, 13.4 per cent have new jobs available, and 33 per cent were hoping to go immediately into employment on their discharge.

BEFORE THE END of the Japanese war the R.C.A.F. was geared for the demobilization of 10,000 men a month. The rate has now been advanced to 20,000 monthly. Facilities at Lachine, Quebes, and at manning pools in headquarters of air commands across Canada, will be extended to accommodate the increase in discharges.

WITH 85 PACKETS of recently collected playing cards in his grip Herbert J. Greatrex said today that his wartime job of collecting playing cards to send to the troops overseas is finished. He started out to collect 1,000 packs. As the war progressed 10,000 became his objective. He has sent away 10,006 packs, the last shipment going on his golden wedding day.

REPRESENTATIVES of the recently-formed Indian National War Memorial committee may shortly visit the United Kingdom, Canada and the United States. The committee was appointed to prepare a scheme for the establishment of a military academy in India as a war memorial. It has been decided a sub-committee should go abroad to study methods of academies in other countries.

Canada Comparatively Well Off For Housing, Commons Informed

OTTAWA (CP) — Canadians have less cause to worry about a housing crisis and other peacetime transition problems than any other people in the world, Welfare Minister Claxton said Friday in the Commons.

Intervening in the Throne Speech debate after a number of opposition members cited the proposals placed before the Dominion-Provincial Conference last month by the federal government as evidence it was not "caught flat-footed" without a plan when hostilities ended.

From the opposition side and immediately after Mr. Claxton had spoken, the House heard youthful Maj. E. D. Fulton, P.C., Kamloops, say ministerial assurances that there were bound to be difficulties, and that the government was acting were not good enough.

The House listened sympathetically to Harry Leader, Lib., Portage la Prairie, veteran member and cancer sufferer, repeat the appeal he has made in previous sessions for assistance to Dr. J. R. Davidson of Winnipeg in having his cancer treatment investigated and accepted.

Mr. Leader said he had personally benefited from the treatment and challenged the soundness of decisions of medical committees which have reported adversely on the Davidson treatment.

Among announcements made before the debate was resumed, Prime Minister King said the question of the trial of Japanese war criminals now was under consideration by the nations which participated in the Pacific war.

Finance Minister Ilsley said there "may be some possibility of an adjustment of coupon values or something like that" for meat trimmings that usually are processed into sausage, bologna and cooked meats.

Explosion Kills 8 in Montreal; 44 in Hospitals

MONTREAL (CP) — Toll of Friday's Naphtha explosion in a hardware warehouse basement stood at eight today, following the deaths of four persons in a hospital during the night.

Forty-four other persons remained in hospital under treatment for burns of varying intensity and four others had earlier Friday night a few hours after the explosion on north-end Mentana Street had shot a fan-like sheet of flame out of the basement which enveloped and seared passersby on the street.

Those who died during the night were six-year-old Paul Andre Millette, Alphonse Cournoyer, 21, whose mother and sister died earlier, Jeannine Fiset, 13, whose mother died a few hours before, and Jeannine Dominique, 16.

Far East Shipping Demands Temporarily Slow Up Repatriation

LONDON (CP)—New shipping problems, affecting the north Atlantic run, have arisen as a result of demands for shipping in the Far East and they may result in a temporary slowdown of Canadian repatriation, it was learned today.

Because of the unexpected changing in shipping allotments, it was anticipated there may be a hold-up in repatriation which would delay some troops who expected to be home in October or November.

The new situation, which arose suddenly in the past few days, alters a forecast made by officials here early this week that September and October would probably be the biggest months yet in the repatriation program. It was not believed the flow scheduled for the remainder of this month would be affected materially, but the pinch is expected to be felt first in October.

The Far East demands resulted chiefly from the urgent necessity to move liberated prisoners of war from that theatre and also from the need to speed up British demobilization, which depends to a large extent on bringing troops back from Burma, sources here said.

The powerful British Trade Union Congress, in session at Blackpool this week, put heavy pressure on the British Labor government to step up the demobilization of British troops, and this may be an important factor in the new decision to deflect more shipping from the north Atlantic to the Pacific

15 More Canadians Free at Hongkong

OTTAWA (CP)—Defence headquarters Friday night released its sixth official list, containing the names of 15 non-commissioned officers and men of the Canadian army liberated at Hongkong, where they had been captured by the Japanese Christmas Day, 1941.

Names of many of the 1,500-odd Canadian soldiers held by the Japanese have been reported in recent news dispatches from that area, but with this list a total of only 509 Canadian prisoners have been officially named as safe in Allied hands.

The sixth list with official numbers and address of next-of-kin, includes:

22 Killed When U.S. Plane Crashes

KANSAS CITY (AP)—Twenty-two persons were killed early today as an army transport plane crashed in flames 14 seconds after it had left the Fairfaix airport.

Only three of the 24 military personnel aboard the plane were removed alive from the flaming wreckage and one of those, Sgt. Bernard C. Tucker, Etna, Calif., died in a Kansas City hospital. A survivor said all three members of the crew perished.

WINNIPEG (CP) —The Labor Progressive Party plans to nominate between 12 and 15 candidates to contest the Oct. 15 Manitoba general provincial election, it was stated at a convention here Friday night, which chose W. A. Kardash and Joe Zuken to run in Winnipeg.

Mr. Kardash, provincial leader of the party, was a member of the late Legislature, while Mr. Zuken, party member on the school board, was an unsuccessful candidate in the June 11 federal election.

Admiral Murray Leaves for Britain

HALIFAX (AP) — A general shift of naval commands and high naval posts in Canada was reported in reliable naval circles here Friday night, following the departure of Rear-Admiral L. H. Murray of Pictou, N.S., to take up permanent residence in England.

Admiral Murray, commander-in-chief Canadian northwest Atlantic until shortly after the V-E Day riots here, left Friday with Mrs. Murray aboard the Canadian aircraft carrier Puncher. Admiral Murray was granted leave after the riots, and Commodore C. R. H. Taylor later replaced him as commander of the Atlantic area.

Naval quarters here said Admiral Murray had retired, but no formal announcement has yet been made by Ottawa.

In 1929-30 Admiral Murray was stationed in Victoria, B.C., as senior officer in charge of the naval dockyard at Esquimalt.

The shift in high naval posts, with a number of high ranking officers in the Atlantic area slated to move to Ottawa, while others return to civilian life, resulted from the cutback in naval operations on this coast with the end of the war, naval officials said.

Kaiser Automobile Is New Design

VANCOUVER, Wash. (AP)—A few persons Friday glimpsed Henry J. Kaiser's new automobile, and reported it definitely out of the ordinary.

The car was driven, without fanfare, to a downtown weighing station, then returned to its building site in the Kaiser yard here, which still is completing ships.

Persons who saw the model said it appeared to have a box-type aluminum frame, front-wheel drive and a four-cylinder French-type motor carried in front of the front wheels. The fact that much aluminum was in evidence in frame and body raised hopes that manufacturing would be done in this aluminum-producing area.

Edgar F. Kaiser, general manager of the Kaiser yards, said work had been under way for about 60 days and would continue for another 60 days before any definite conclusions could be released.

"This may not be the final design," and it may not be the car the Kaiser interests plan to build in the west," he said. "Frankly, I don't know what it is all about, because the work is under the direction of our Oakland, Calif., engineering staff. I know only that we are building the model and studying it for weight distribution."

Kaiser admitted considerable aluminum was being used.

Week-end Pause In British-U.S. Aid Discussions

WASHINGTON (CP)—British and United States financial experts discussing the United Kingdom appeal for American economic aid took a long week-end breather today while congressional sniping at Britain continued to enliven House of Representatives sessions.

Friday, Lord Keynes, British government fianical adviser, continued his presentation of the economic state of his country while Representative Roy Woodruff (Rep., Mich.) was telling his House colleagues that "for cool assumption, supercilious presumption and weird economic figuring it would be very difficult to beat John Maynard Keynes and Harold Laski."

Mr. Woodruff was the fourth Republican representative in as many days to attack the proposal to advance further aid to Britain.

The conference, with Assistant State Secretary William Clayton as Lord Keynes' opposite, spent Friday hearing the second installment of Britain's presentation, which probably will be concluded Monday.

It is expected that on Monday Lord Keynes and Mr. Clayton will get down to work with a special committee to devise a formula under which U.S. aid may be granted to help re-establish British industry and trading potential.

Rep. Woodruff drew Republican applause in the House when he said Friday: "One wonders what has happened to the British spirit of rugged self-confidence. This hat-in-hand mission which Britain sends over here—they do not even say 'Please give us more billions to add to the billions you have already given us.' They say in effect—'Give us more billions or we will come and sit on your doorstep and starve to death'."

THE COMMUNITY CHEST

EIGHTY-THREE THOUSAND DOLLARS is the amount the officials of the Community Chest have set as their objective to provide for its next year's operations—or $7,000 less than asked for in 1944. The generous public of this district should find little difficulty in subscribing this relatively small total in a few days. It represents less than a dollar a head for the entire population of Greater Victoria—or approximately the equivalent wagered at the Willows in one afternoon.

We are not forgetting that comparisons often are odious. But the inference in the simple one we have used should furnish its own commentary. So there ought to be little difficulty in raising the sum named, because at no time in the history of this community has there been so much money in the hands of the populace as at its present stage. By no stretch of the imagination can it be argued that this plain statement is an economic abstraction. Visible evidence reinforces the truth of it. With that much acknowledged, therefore, it should be possible for the large corps of voluntary canvassers who will start out on their mission next Monday morning to complete their task in record time.

Since the Community Chest's last call went out a year ago peace has come to the world. No longer are the newspapers publishing long casualty lists from Europe and Asia. Nazidom's "new order" and its author are nothing now but a nightmarish dream. Japanese militarism has ceased to be a threat to the peaceful progress of the world. If there were not a myriad of other reasons why the 1945 appeal of the Community Chest should meet with a spontaneous and liberal response, thankfulness for the complete and final demolition of totalitarianism's attempt to enslave the human race should loosen the purse-strings of the good folk who are fortunate enough to live in this highly-favored community.

Even though the Second World War has taken its place in history, however, it should not require much mental effort for all of us to understand that many domestic problems under innumerable heads—problems which no legal formula can comprehend and for the solution of which not even the most far-seeing governments can adequately provide—remain with us still. Some of them may persist in an even more aggravated form than ever before as a consequence of the social and economic dislocations that are always the inevitable aftermath of war's tragedy. But to say more would be superfluous. We are sure our people will rise to the occasion nobly.

THEY DID THEIR JOB

CANADA'S SO-CALLED BUREAUCRATS, like those of other countries, have come in for a good deal of criticism during the war period. All of us have occasionally used them as targets for our petty annoyances. But is it not about time that the bureaucrats, like the devil, be given their due? If so, can any reasonable person honestly deny that, on the whole and under the conditions existing, wartime bureaucrats did a splendid job and made an indispensable contribution to victory? Emphatically, these statements do not attempt to argue for the perpetuation of widespread bureaucracy in government. Heaven forbid! Let us be rid of the war-born agencies as soon as the nation's post-war economy will permit. That would be soon for most of them.

But eagerness to be rid of the agencies and the restrictions they represent cannot and should not deprive them of any credit due for whatever job they have done during the worst emergency ever to face this nation. True, they made many mistakes. There were instances of confusion, bungling and even absurdities. And beyond any question, many bureaucratic actions and policies did more to hurt than help the victory effort. Yet such things were inevitable when one considers that these agencies usually had to be thrown together overnight to tackle jobs which held our fate in their balance.

Far more than offsetting any mistakes made is their record of achievement. Prices were not allowed to get out of hand, as they did in the first Great War. The Canadian people never lacked abundances of food and other essentials, despite scarcities of individual items. Necessary materials were channeled to the places where they could be utilized best for victory. Production and supply represented miracles surpassing anything of similar nature in history. And, in all these achievements, the war agencies—the bureaucrats—played their indispensable parts. Furthermore, it should be remembered that few of those who served in the more important bureaucratic positions wanted their jobs. They were recruited just as much as any man on the firing line was recruited. They served when every minute of service must have been miserable because of the criticism and abuse heaped upon them. After all, therefore, are they not deserving of at least one lusty, whole-hearted cheer for a job which, on the whole, was amazingly well done?

MONDAY IS THE LAST DAY

DESPITE EXTENSIVE NEWSPAPER advertising and seven or eight radio reminders each day, there are still some people in this community who seem in a daze as to what to do about getting on the voters' list. It is just about as simple as the alphabet.

The names of all who voted in the provincial general election on Oct. 21, 1941, should be on the permanent electoral roll; but in case some memories may prove at fault—or addresses have been changed in the meantime—it will be wise to consult the list and find out whether the name is there or not. If it is, well and good; if it is not, it can be added there and then.

Here is an important point: Having voted at the federal general election on June 11 last means nothing whatever. The Dominion list is automatically finished with after the contest. Finally: Monday is the last day for registration for all who want to vote on October 25.

WHY THESE DENIALS?

WHEN IS A DICTATORSHIP NOT A dictatorship? During the course of a debate on the European situation at Town Meeting of the Air in Vancouver recently, Mr. Maurice Rush was asked whether Russia was a dictatorship. He replied that as the Russians had united behind their government to fight Germany and had beaten the Nazis, it proved that the government was supported by the people and, therefore, it was not a dictatorship.

Just why "fellow-travelers" are so anxious to affirm that Generalissimo Stalin is not a dictator is difficult to discover. Presumably, as Hitler was supported by the German people, and Mussolini by the Italians, they also were not dictators—until they were beaten. Or were they dictators because they were Nazis or Fascists and not Communist? Not that Mr. Rush, or any other person who thinks as he does, is necessarily a Communist. He may be Labor-Progressive, or Social Democrat, or just plain Socialist, without even Marx thrown in. But it is deplorable that the unity of the Russian people through the "dictatorship of the proletariat" is not recognized by him and others of his persuasion. He denies it, and by his denial he condemns it, or perhaps is only ashamed of it.

Generalissimo Stalin himself argues that "the dictatorship of the proletariat must come before the self-determination of a nation." He emphasizes again and again that the Russian government is the dictatorship of the proletariat. Is it not something to be proud of? The dictatorship has proved enormously successful in crushing the Nazi dictatorship, with the assistance of the democracies of the west.

It is even possible that with free speech and a free press the Russians might not have done such a good job as they did. It is quite possible that the Soviet formula, "from every man according to his ability, to every man according to his work," is a better measure of production than "bargaining by the majority in a plant." Such formulas are possible to dictatorships; so why this determination to deny that Russia is a dictatorship—which evidently makes a good job of it for the Russians? And, after all, it is their business.

TIME TO BRIGHTEN UP

AT A TIME WHEN THE THREAT OF Japanese attack on this coast called for every possible precaution, this newspaper advocated a drab coat for the observatory which then glistened white atop Gonzales Hill. The suggestion claimed official attention and the building was painted to conform in color to the surrounding rock. In that dress, it furnished a less conspicuous target. The danger now seems well past. Victorians would appreciate the brightening effect of another coat of paint, restoring the observatory to its attractive prewar appearance.

KITCHEN MELODY

MANY CHARACTERISTICS BROUGHT charm to the old fashioned family kitchen. There was comfort and a sense of fitness in the well-worn rocking chair beside the stove. There was a room-filling warmth to the range itself, a little rococco in its metal adornments but stable, heavy, with the fire-light dancing behind a mica window in a firebox door, or flickering behind the bars of an open draft. There was a shine to the polished crockery on the dresser and a friendliness to the untidy litter that accumulated at its end. A pipe-rack, the rows of scoured pans beneath the drainboard, spelled out the coziness of the room.

But nothing added more to its cheerfulness than the songs the kettle sang. There was great variety to them. A bubbling melody marked its approach to the boil. Then came the sibilant murmur of the water ready for the tea, followed by the sharp clatter of its dancing lid if a hand was tardy in taking it up. With water low, it changed its tune to a happy whistling, a far-away tune that was woven in children's minds with the fairy tales they read on winter afternoons by the stove.

And in the evenings, a mother darning socks, found sympathy in its sighing, as simmering on the back of the range, it exhaled softly after a busy day. It sang the songs of the family kitchen before the age of efficiency shrunk that room, brought chrome and tile to lend its cold brilliance, a modern cooking unit to supplant the old wood stove and, among its many gadgets, radio to furnish incidental music.

THE SPECIES IS EXTINCT

THE government of Ontario announces the re-discovery of an ancient Canadian species, long believed to be extinct. It has resurrected the Canadian consumer. In a brief submitted to the Carroll coal commission, the Ontario government says that its attitude towards the importation of American coal "must of necessity be from the standpoint of a consumer." This, so far as I am aware, is the first mention of the consumer in modern times but one is not convinced, without further evidence, that this creature is still alive.

Once there was a time when consumers roamed this country freely like the buffalo. Men were proud to be called consumers then for the consumer was powerful and respected. Merchants bowed their heads to him, bankers smiled at him on the way to church and governments trembled if the consumers were unhappy. The consumer decided what articles should be manufactured, he dictated the prices at which they should be sold and the whole economy revolved around him.

THEN, for unknown reasons, the species began to decline. In place of the consumer appeared the producer. He was not interested in the price paid by the consumer. He was concerned only in getting the highest possible price for his products, and if the consumer couldn't pay it, that was just too bad. Under the pressure of the producer, the consumer began to disappear, like the bison and the band-tailed pigeon, from all his own haunts. Under the impact of the capitalists, the labor unions, the protected industries, the chambers of commerce and all the other pressure groups, the consumer was finally driven out of doors and underground.

The various species which then dominated the fauna of Canada never admitted any relationship to the consumer. They thought of him as a mere pest to be exterminated like gophers and tent caterpillars. To this end they used various weapons, including high tariffs, monopolies and strikes, and strove in every possible way to keep prices too high for the consumer to pay, so that he would ultimately die out.

THEN a strange thing happened. The species which had driven out the consumer began to suspect that they were not unlike their victim. They discovered that they, too, had to eat, to pay prices and, it was finally admitted, to consume. The knowledge was always hushed up and never mentioned in polite society but, despite this conspiracy of silence, it became clear at last that everybody, even the highest species like capitalists and labor leaders, had a good deal of the consumer in them. It certainly was humiliating.

And now the Ontario government announces that the consumer still exists and is not quite extinct and, with extraordinary courage, declares that it will befriend this poor, lost creature. Considering that Ontario has always led the crusade of extermination against the pest, chiefly by means of the tariff, the Drew government is acting nobly indeed.

BUT, alas, where can a single consumer be found? Where can you discover anybody who believes that it matters what you pay for goods so long as everyone gets more wages? Where is there left any man so old-fashioned as to suppose that when you buy goods cheaply from some foreigner you are saving money which you can spend on something else that you need? No, the consumer is dead and buried long ago. His grave is overgrown with a rank growth of taxes and hidden in a thicket of tariffs. Through the surrounding jungle creaks the wild bureaucrat, and at night the howls of the protectionist and the shrill squeak of the socialist bird echo against the empty hills. There is no headstone on this lonely grave, only an empty bottle which once contained rye whiskey worth 50 cents but priced at $4.50.

MEANING WHAT?

(From the Ottawa Evening Citizen)

A cabinet announcement on "demobilization and re-deployment" of the three armed forces is to be made, says a news item. And a word that has mercifully been absent from the Canadian vocabulary so far breaks into print. We'll hope it does not deploy itself over as wide a front as it seems to be doing in the newspapers across the border. For, frankly, it is not very clear exactly what this new version of an old military term does mean.

According to Webster, to deploy means to extend the front; to spread out in such a way as to display a wider front and less depth. Logically to re-deploy should mean to do all this over again, even though perhaps in a slightly different form.

Up till now Canada seems to have got along quite well with mobilization, repatriation, demobilization, and discharges, and volunteering for the Pacific. We know what all these words mean, and we know that the composition of Canada's permanent defence services is being discussed. Nothing of all this seems to indicate that particular military movement known as deployment, let alone re-deployment,

However, if the headline writers once seize upon the word, any attempt to stem its course is likely to be vain. But happily "re-deployment" is a long word for headline writing. Something about "jobs" should fit in easier.

Security sounds good, but unless self-made it is ruinous. Freedom is gone when people value security above independence.

Lt.-Gen. Robert Eichelberger, commander of the U.S. 8th Army, occupation forces in Japan, says that "if the Japanese continue to act as they are acting, within a year this thing (the occupation) should be washed up."

That's an encouraging statement, but probably the general would advise us to bide a wee before accepting such an early termination as a certainty. We have a titanic job to do there if the edict of Potsdam is carried out. This decreed that Allied forces should occupy Nippon until certain objectives had been achieved, and among them were these:

Destruction of Japan's war-making power. Complete disarmament. "Stern justice" for all war criminals. "Freedom of speech and religion, and of thought, as well as respect for the fundamental human rights, shall be established." There's a lot more of it, but that's plenty to get on with.

Changing the nature of the Japs is an educational job. Can it be done in so short a time as 12 months? If we do it we shall be magicians.

Twenty-five squadrons of R.A.F. fighters today circled over London to mark the fifth anniversary of the climax of the Battle of Britain. That historic day a handful of British planes—virtually all that had survived the protracted German onslaught—shot down 185 attacking enemy machines and thus broke the determination of the Hitlerites to continue the campaign. It was the R.A.F.'s defence of England—then the focal point of the Allied cause—which called out Winston Churchill's historic tribute: "Never in the field of human conflict was so much owed by so many to so few."

Here's a salute to a gallant air force.

Ready for Vote On B.C.E.R. Buying

Back in Victoria Friday after meeting in Vancouver with Mayors J. W. Cornett of Vancouver, Percy George of Victoria and W. M. Mott of New Westminster, Premier John Hart announced today it was now up to the municipalities to get together to decide on what action should be taken by them to buy the B.C. Electric Railway Co. Ltd. assets.

At the meeting a preliminary report of a survey made by the G. Gilman Co. of New York of the firm's assets was presented, the Premier said, indicating the 31 municipalities in which B.C. E.R. properties are located now were in a position to set a day for a plebiscite on the plan for acquisition.

Following the meeting, Mayor George said: "We are at last approaching finality in preliminary discussions of the proposed purchase of the B.C. Electric Company's assets."

Protest Popcorn Sales Near School

The James Bay Parent-Teacher Association has lodged a strong protest with Mayor Percy George against allowing peanut and popcorn vendors to see their wares to school children at South Park School.

Mrs. H. Yetman, secretary of the association, asserted that the papers and wrappings were scattered around the school grounds and then the children were compelled to clean up the mess, which the organization feels is both unsanitary and "injurious to the health of the children."

She asks that if the City Council will not prevent the street vendors from operating in the school area that a man be sent to clean up the debris "so that the school children will be relieved of this unpleasant task."

Mayor George said he would refer the matter to the Health Committee.

Wartime Privilege Cancelled On Cars

People who have been driving others to work in their private cars and charging them for the ride, will no longer be protected by wartime regulations, and are not only liable to punishment for breaking the law but of losing their insurance benefits if involved in an accident.

In a circular sent to its members the Vancouver Insurance Agents' Association advised that the Wartime Industrial Transit Plan will be terminated by the government Saturday.

In order to allow assurreds under the plan to make arrangements for other insurance if they desire the Wartime Transit Insurance Pool, the insurance company organization, which co-operated with the government in this plan, has decided that all policies issued under the Wartime Industrial Transit Plan shall be canceled as of midnight Sept. 30.

Potato Scarcity

Present scarcity of potatoes in local stores is due to the fact that a reduction of 85 cents a bag in the ceiling price allowed to farmers for potatoes was ordered by Wartime Prices and Trade Board Aug. 29, wholesalers stated today.

One wholesaler said that price ceilings set by the government varied throughout the year, with prices for September the lowest. He added that farmers tend to leave their crops in the ground as late as possible, in order to obtain maximum tonnage.

Improvement in local supplies is expected within two weeks.

'Teens Take Hostess House

Announcement was made at a meeting of the Teens' Canteen Committee, in the Y.W.C.A. Friday evening, that Hostess House, 1052 Fort Street, will be used by the Teens' Canteen for all their activities during the coming season.

This has been made possible through the co-operation of H. V. Bartholemew, owner of the building, who is interested in teens' work, F. E. Winslow, Mrs. Alan Morkill and other members of the governing committee who have been operating Hostess House during the war years.

Teen canteens, organized two years ago, under Council for Social Agencies, a member of Community Chest, have been holding their programs in school auditoriums in Greater Victoria. Activities were arranged in upper class groups, with ages ranging from 15 to 19 and a lower group from 13 to 15.

Now, with a large building of their own, which can be used entirely for teens' activities, these two groups will be amalgamated and a full-time supervisor employed to arrange programs for all ages, including hobby hours, games, dances and other recreational ideas.

Much of the furnishings donated by private individuals for use at Hostess House during the war, will be passed on to the Teens' Canteen, including chairs, tables, benches, curtains, dishes, cutlery, kitchen stove and milk shaker.

OPENING NOV. 3

The big opening will be on Nov. 3. That night, an entertainment jamboree is being planned for all ages in the teens' group. From then on the building will be a meeting place for boys and girls—responsible men and women of the future.

"It's a big undertaking," said Les Gordon, who was elected chairman of the Teens' Committee, "but we can handle it."

"Interest among our teen-age groups has grown so rapidly," he said, "our school auditoriums would now be quite inadequate. This year we had to branch out. Hostess House seems to be the answer and if the season is the success we confidently expect, you will see us operating there for three years at least."

Other officers elected were: Vice-chairman, H. Warren; secretery, Jim Forsyth; treasurer, Marion Foster; catering committee, Mrs. G. W. Pottinger, Mrs. E. Peters, Jim Forsyth and Cleave Stenmark.

Monday night, representatives of the two age groups in the teens' canteen will meet to draft plans for a proposed program of activities, which will be presented to the Teens' Canteen Committee for consideration at the next meeting, Sept. 25, at the Y.W.C.A.

First United Church was the setting Thursday evening, for the marriage of Margaret Neilson (Madge), second daughter of Mr. and Mrs. James Swan of this city, to Ernest Gilmore Cummings, also of Victoria.

The bride, given in marriage by her father, wore a floor length white lace gown inset with net and showing a sweetheart neckline. Her veil was caught with a sweetheart tiarra of tiny white feathers and she wore a double strand of pearls, the gift of the groom. The bouquet was a shower of red roses and bouvardia.

The ushers were Ernest Timbers and George Appleyard. The couple was unattended.

As the bride reached the altar, the choir of First United Church sang "O Perfect Love," and "The Lord's My Shepherd" during the signing of the register. The organist was J. Ingram Smith. Dr. Hugh A. MacLeod performed the marriage ceremony.

The reception was held at the home of the bride's parents, 3501 Richmond Avenue. Out of town guests included Mr. and Mrs. Alex S. Neilson, of Vancouver, uncle and aunt of the bride. Mr. Neilson proposed the toast to the bride.

For going away the bride donned a turquoise gabardine suit and canary felt hat with matching gloves, and black shoes and bag.

The honeymoon will be spent motoring in Vancouver and on the island. On their return the couple will reside in Victoria.

Tolmie P.-T.A.—Parents of new pupils will be specially welcomed to a meeting Tuesday, at 7.45, in the school. Refreshments will be served.

Beryl Hills Bride Of Joseph Robbins

Beryl Josephine, eldest daughter of Mr. and Mrs. Ernest Hills, 1788 Haultain Street, was united in marriage Tuesday evening in Oak Bay United Church to Joseph George Robbins, son of Mr. and Mrs. S. Robbins, Royal Oak. Rev. W. W. McPherson read the service and Frances Stevenson played the wedding music. During the signing of the register Reginald Stofer sang "At Dawning."

Given away by her father, the bride wore a toe-touching gown of white sheer fashioned with bishop sleeves and round neckline. Her full-length veil was caught to a band of orange blossoms and she carried a sheaf of red rosebuds, white gladioli blossoms and gardenias showered with swainsona.

Miss Wyn Baxter was maid of honor, wearing a gown of white net with jacket of pink corded silk, tiny cap of lace and pearls caught to the hair with white rosebuds, and carrying a colonial bouquet. Twin frocks of white sheer were worn by the bridesmaids, Miss Eunice Hills and Miss Helen Robbins, with halos of blossoms in their hair. They also carried colonial bouquets. Groomsman was William Robbins, and ushering were Charles Semple, cousin of the bride, and Sylvanus Robbins Jr.

Mothers of the couple received many guests at a reception at the A.O.F. Hall, Oak Bay.

Mr. and Mrs. Robbins will reside on Wicklow Avenue on their return from a honeymoon to Oakland, Calif. For traveling, the bride wore a tailored frock of light tan wool, chocolate brown accessories, powder blue topcoat and corsage bouquet of gardenias and heather.

Tillicum-Craigflower — First meeting for the school year will be held in Tillicum School Monday at 8. Mrs. E. Evans, president of Victoria and District Parent-Teacher Council, will be present for installation of officer. A social evening has been planned and refreshments will be served.

Dorothy Dix

Dear Miss Dix: My mother, a widow, has a bachelor calling on her, but every time he comes he throws bouquets at himself for being a bachelor and congratulates himself on not being married. She is very much in love with him, but do you think he has any serious intentions?

H. T. C.

Answer: Not a one. When he puffs out his chest over his single blessedness, he is tipping your mother off that he doesn't intend to marry her. There are lots of men who like to make a club of a woman's house and be fed and petted and cosseted, but who have no intention of ever marrying.

DISCHARGED PERSONNEL MAY RETURN TO OLD JOBS

Employer must Reinstate where Employee Follows Act

The Reinstatement in Civil Employment Act, passed by Parliament in 1942, sets forth conditions under which employers must reinstate their former employees in their employment after discharge from the Armed Services.

This Act and its Regulations are administered by the Dominion Minister of Labour, through the National Employment Service. Reinstatement Officers are available in the National Employment Offices to answer all inquiries, and to assist in adjusting cases.

Veterans and employers are both co-operating most effectively, to carry out the intent of this legislation.

The general terms of the Act and Regulations are here set forth briefly. For details, contact the nearest National Employment Office.

WHO MUST BE REINSTATED? Any employee, either male or female, who left employment to join the Armed Services, the Merchant Marine, or the Fire Fighters Corps — providing that the employee was working for the employer for at least three months immediately before enlistment, and was not replacing some other employee who has been reinstated.

HOW AND WHEN DOES A DISCHARGED PERSON CLAIM REINSTATEMENT? Either verbally or in writing, usually within three months of discharge in Canada or four months if discharged overseas. There is provision for extension of this time when through a condition of health the employee cannot return to his employment this soon, but the employer must be notified in three or four months, and a Reinstatement Officer should be consulted.

UNDER WHAT WORKING CONDITIONS IS AN EMPLOYEE TO BE REINSTATED? Under conditions not less favourable than would have been enjoyed had he continued on in employment instead of joining the Forces. This means:

(a) that the period with the Services is to count for seniority rights, pension rights, vacations with pay and other benefits;
(b) returning employees are to be given promotions or pay increases they would have received had they remained in continuous employment;
(c) any skill acquired while in the Services, and useful to the employer, is to be taken into account in adjusting the wage rates;
(d) any period of mental or physical disability following discharge which warrants delay in reinstatement under the Act, is to be counted as a period of service in the Armed Forces, and as a period of service with the employer.

Reinstatement Officers are located in local offices of the National Employment Service.

Both employers and veterans are urged to consult these Officers on the application of the Act to any case where a doubt arises.

DOES THEATRE OF SERVICE AFFECT RIGHTS? No — where a veteran served does not alter reinstatement rights.

WHAT IF A DISCHARGED PERSON CANNOT PERFORM HIS FORMER DUTIES? The employer must reinstate him in the most suitable employment available, at which he is capable of working.

WHAT OF THE DISCHARGED PERSON WHO LEFT A JOB PREVIOUSLY VACATED BY ANOTHER WHO ENLISTED? The replacement is entitled to reinstatement only if no other person who enlisted out of the job has been reinstated.

MAY AN EMPLOYER DISMISS A PERSON ONCE REINSTATED? No — if the employer dismisses within six months, he must be able to prove in court that he had reasonable cause.

In every Office of the National Employment Service staff members have been given special training to equip them to better assist veterans in search of employment. All ex-servicemen and women are urged to use the facilities of the National Employment Service if looking for work.

'Not Much Hope' Judge Tells Owner In Rental Court

More than 40 landlords, alleged obnoxious tenants and witnesses crowded Judge L. A. Hanna's Rental Court until only standing room was left.

"There's not much hope for you," Judge Hanna told counsel for a landlady seeking occupancy of a Kipling Street house bought in March. She had told the court she bought the house because the owners of the place she was occupying were becoming a nuisance.

Tenant of the Kipling Street home said her husband was in the army and coming home soon and that she had been trying hard to find other accommodation.

DISGUSTED WITH SITUATION

A widower with three sons in the forces said he had come to Victoria in January for his health and that he was at present living in "one dark room on Yates Street." He was trying to gain occupancy of a Menzies Street house bought seven months ago. Under cross-examination he admitted that he had become disgusted with the situation and had since tried to resell.

The tenant told Judge Hanna her husband was a veteran of the First World War living on an inadequate pension. She said she had run the place as a roominghouse with nine tenants, in order to make a livelihood.

Judge Hanna asked the landlord if he had tried to find accommodation in some coast city not as crowded as Victoria. The man replied that he preferred to live here.

NOISE AND SWEARING

Next case brought a brief but heated exchange of words between landlord and tenant. The former accused the latter of being "an unclean tenant." He said her mother, who resided with her, used foul language and that both made a lot of noise.

The landlord also produced two witnesses, one saying she couldn't repeat the language she had overheard. The other witness said the owner had been slowly getting rid of undesirable tenants and that this one was the last who had helped give the neighborhood a bad reputation.

In reply the tenant told the court she was working most of the time, but that at home she did occasionally use bad language.

"Your own wife swears," she told her landlord.

"She does not," he replied.

"She does so," shouted the tenant.

This was repeated several times before Judge Hanna interfered. He adjourned the case so the tenant could produce some witnesses.

ACCUSED OF STEALING

Told to speak up because her tenant was deaf, a landlady said the woman could understand everything she wanted to hear. The landlady was trying to get rid of her tenant because she had accused the former's daughter of stealing $5 and also spoiling clothes with lipstick.

She said the tenant had made life miserable for her daughter.

"You will hear the court's decision," said Judge Hanna after listening to the tenant's side of the case spoken in an unintelligible monotone.

DUMPED HOT ASHES

A landlord who lived in a duplex broke down while complaining of tenants who shared the building with him. His wife took over and continued the story, accusing the tenant's son, aged 14, of abusing her own children, aged six and nine. She also said the tenants had refused to buy an ash can and had dumped their ashes in a wooden box in the basement, nearly starting a fire. They also had been placing hot ashes in the vacant lot next door, causing fire hazard.

The tenant, a V.M.D. electrician, replied that his son had character references from his teachers. He admitted that hot ashes had been placed in the basement of the duplex by his son while he was away over the Labor week-end. He added that although his wife was working too, his 17-year-old daughter looked after younger members of the family.

Judge Hanna said they would hear from the rental board.

Name Returning Officers

Returning officers for Vancouver Island constituencies in the Oct. 25 provincial general election were announced today in the B.C. Gazette as follows: Victoria, H. E. A. Courtney; Saanich, Robert Brydon; Oak Bay, Frank Coutler; Cowichan-Newcastle, William Mordaunt Dwyer; Nanaimo and The Islands, Nicholas Wright; Comox, Alex Henderson; and Alberni, William Harry Boothroyd.

160 Children in Foster Homes Here

With 160 children, the most in its history, being cared for in foster homes, the Children's Aid Society is in greater need for funds this year, and these funds come from the Community Chest, whose campaign for $83,000 opens Monday.

During the past year it was estimated there were 52,437 days of care given to neglected or delinquent children in foster homes.

Although the kindly people who are prepared to take in and care for these unwanted little ones, get no pay commensurate with the love and understanding they give, the society does give an allowance for the child's food and pays all medical, dental and hospital bills.

The biggest difficulty is in getting suitable homes for older children who sometimes are classed as "problem children."

The generous nature of the foster parents is shown by one mother who saved the allowance given for the children's food and arranged to have them sent to a summer camp for 10 weeks.

Student Officers Elected at Normal

Student officers for the various Normal School organizations were elected at the initial meeting of the student body Friday, presided over by Dr. Henrietta Anderson.

Alan Roper of Victoria is president of the athletic society; Francis J. Mitchell of Michel, vice-president, and Miss Sheila Stewart of Summerland, secretary.

Miss Jean Gorrill of Saanich was made social convener. Blair Fulton, Victoria, was elected president of the dramatic and debating society; John Ivanisko of Natal, vice-president; Mrs. June Rankins, Kimberley, secretary, and Miss R. Paulin, Nelson, press.

Deny Permission For Home Industry

Permission to carry on a home industry filling containers with stove polish at the rear of 1222 Gladstone Avenue, was denied by the zoning board of appeal, Thursday to Ray A. Milliner.

The application was held over three times while representations from other residents of the district opposing the application were heard.

An addition of an extra basement suite to an apartment building at 906 Linden Avenue also was disallowed.

Three appeals for construction of a garage, duplex conversion and chimney alterations were allowed.

Sports Mirror

By PETE SALLAWAY

DEFINITE decision on Victoria's bid for professional baseball next summer will be made Sunday at Tacoma. Attending the meeting of the Western International League to boost this town as a good spot to place a club will be **Laurel Harney** and **Bill Straith.** From all indications Victoria will be granted a franchise as it is known that majority of the league directors are anxious to get this city into the fold. At this time it can be revealed that a well-known Vancouver sportsman certainly has faith in Victoria as a first-class location for a pro ball team. This week he came forth with an offer of $25,000 cash to provide the required financial support for a W.I.L. team. If his offer had been accepted he would have been in town the next day to lay the cash on the line. In addition he did everything but guarantee a working agreement for the local team with Boston Red Sox of the American League. However, his offer was turned down as the recently-formed local company has every confidence it will raise sufficient money locally to finance the team.

COMPETING in a recent air force track meet at Winnipeg that attracted competitors from all R.C.A.F. stations in Alberta, Saskatchewan and Manitoba, **Sgt. Anne Turner,** daughter of Mr. and Mrs. J. Turner, Royal Oak, carried off the women's aggregate honors. Registering triumphs in the high jump and standing broad jump and a second in the running broad jump the Victoria girl finished well ahead of the field. In the high jump she cleared four feet six inches and leaped seven feet two and a quarter inches in the standing broad jump. At the conclusion of the meet Anne was presented with her trophy by **Air Vice-Marshal K. M. Guthrie.**

THE CLEVER left arm of greying **Ray Prim** is writing one of baseball's greatest perseverance stories—a saga that fits prominently into the pattern of the Chicago Cubs' drive for National League pennant. In fact, the Bruins' pace-setting rush is exactly paralleled by the renaissance of 38-year-old Prim, a minor league pitching star who knocked freely and fruitlessly at big time's door for more than a decade. Until July 6, just two days before the Cubs moved into the league lead, Prim appeared destined to fritter away his fourth chance to make the major leagues. He had a faint two won and four lost record and made the Cubs wonder how he ever won 22 games for Los Angeles during the 1944 Coast League season.

BUT THEN the quiet fellow in his 16th year of pro competition started southpawing the opposition dizzy. Since July 6, in winning 10 games and losing only three, Prim fashioned an amazing earned run average of only 1.13. Even with his unimpressive start, Prim has a 2.70 earned run average for 12-7 record. Silver-thatched Prim hopes to win "a couple of more important ones" for the Cubs.

Six Clubs Enter Football League

With entries to close tonight, six teams have entered the Victoria and District Football League. They are: Canadian Legion (Britannia Branch) Navy, Toppers, V.M.D., Victoria West, and Nanaimo Southend Sports Club.

A schedule will be drawn up and released before opening date, which has been set for Saturday, Oct. 6. Civilian clubs have been limited to a player strength of 20 signed members. Next general meeting of the league will be held in the board room, Britannia Branch, Canadian Legion Hall, Blanshard Street, Wednesday, Sept. 26.

Murdies Crowned Lacrosse Champs

Scoring a 17 to 3 triumph over the Jokers for their third straight victory, Murdies won the city junior box lacrosse championship Friday night. In an exhibition game, Oaklands juveniles beat Senators 11 to 10.

Monaghan paced the champion Murdies with five goals.

Eagles Register Fastball Victory

Pushing across five runs in the seventh inning Eagles defeated Brentwood Aces 7 to 4 in the final of the Calvert Cup fastball series Friday night.

After the Aces had built up a 4 to 2 lead, the Eagles rallied in the seventh to knock Aspinall out of the box. Feature of the lodgemen's triumph was the pair of home runs cracked by Gar Taylor.

VANCOUVER (CP)—Norvans trounced Bellingham Bells 9 to 0 Friday night in the second game of the Vancouver senior baseball league playoff finals. Norvans won the first game and will win the three-of-five series if they can score another victory in the third game here tonight.

Ray Orteig, on the mound for Norvans, struck out 15 Bells and allowed only five hits.

Crucial Ball Series

Tigers In Washington

Baseball's big series of 1945 is at hand as Detroit invades Washington for a vital five-game set that should determine the American League winner. It starts with a doubleheader today.

If either the Tigers or the Senators, who trail the leaders by only half-game, can sweep the series or take four of the contests, the race will be over for all practical purposes.

In 17 previous meetings, the knuckleball pitching staff of the amazing Senators has been able to throttle the Tigers' power 10 times while losing seven.

Both contenders had tight squeaks yesterday, the Tigers downing Philadelphia, 1 to 0, in a game cut to five innings by rain and decided by one lucky run. Washington had to come up with three in the last of the ninth to trim Cleveland, 6 to 5.

Bob Maier scored the lone tally of the Tiger A's tilt, twisting past Buddy Rosar to score just when it apepared an attempted squeeze play had been foiled by Dick Fowler's pitch out. Rosar insisted Maier ran out of the baseline and pointed to his footprints but umpire Art Passarella stuck to his decision.

COSTLY WALK

Just when the Senators' fans had given up on their club, trailing Cleveland, 5 to 3, with one out and nobody on in the ninth, the challengers started to rally. Joe Kuhel's triple, two singles, a walk, and Al Cihochki's error tied the score. Then reliefer Pete Center walked George Case with the bases loaded to lose the game.

St. Louis swept a three-game set from Boston, 4 to 1. A New York-Chicago series finale was washed off the books.

The two losses suffered by St. Louis Cardinals at the hands of Brooklyn Dodgers, 7 to 3 and 6 to 1, dampened their hopes for the National flag.

Cubs split two with the Phillies, bowing to Hugh Mulcahy, 4 to 3, but evening matters, 6 to 0, on Claude Passeau's 17th victory.

New York Giants rallied for three in the seventh inning to trim Cincinnati, 7 to 5.

Boxing Round-up

Conn Seeks Mr. Louis

PITTSBURGH (AP) — Billy Conn, home from the wars, admits he'll be glad to get another crack at champion Joe Louis soon, but declares the figures promoter Mike Jacobs tosses around leave him kind of dizzy.

While he was in New York, Conn said, he spent quite some time with Jacobs, who will handle the Conn-Louis return bout, if and when.

"I quit counting after Mike said something about the fight drawing $5,000,000, including television rights and everything," Billy said. "I didn't want to argue with him, though. I was willing to accept his figures, give or take $1,000,000."

FIDUCIA SUSPENDED

NEW YORK (AP)—Freddie Fiducia, Newark heavyweight, and his manager, Willie Gilzenberg, were suspended for 60 days by the New York State Athletic Commission Friday on the ground they were "lax in not informing the commission immediately when they first learned of an alleged attempt to bribe Fiducia to "throw" last Monday's fight with Freddie Schott.

Schott, who knocked Fiducia out in the ninth round, and his manager, Bill Daly, were given a clear bill of health by the commission. The purse of both fighters also were released.

In his dressing room after the fight Monday, Fiducia asserted he had rejected an offer to "throw" the fight.

T.K.O. FOR JOYCE

NEW YORK (AP) — With nothing to worry about from his opponent's brittle and useless right hand, Willie Joyce stopped Danny Bartfield Friday night in five rounds of a 10-round bout in Madison Square Garden. Joyce weighed 138, his local rival 137½.

The Gary, Ind., negro boxing specialist, jabbed his way to a wide edge through the first six heats. Then with Bartfield in his corner in the minute rest period between the sixth and seventh, his manager, Willie Ketcham, told referee Ruby Goldstein his fighter could not continue because he had injured his right hand—the same hand that has been broken half a dozen times before in his short ring career—in the first round.

From the second round on, Joyce was fighting a one-handed man. As the fight wore on, it became more and more apparent the youngster not only was unable to use his right as an offensive weapon, but was suffering so much pain he couldn't even fend with it.

Darbyshire Scores Another Double Win

"Doc" Darbyshire, who has experienced one of his best seasons on British Columbia tracks, put across another double at the Willows track Friday. The popular Victoria owner-trainer carried off the winner's share of the fourth heat with Groves and came right back to lift the featured sixth with Saffworth. Sixth day of racing saw another good crowd and the betting continued brisk.

Run of long prices came to a rude halt yesterday as favorites or second choices got under the wire in six of the seven events. Double win figures were hung on the mutuels board in one race.

In winning the fifth over a mile and 70 yards, Groves was forced to cut loose with a burst of speed in the final eighth. With apprentice Jimmy Sundquist aboard, Groves took the overland route after entering the stretch to catch the pacesetting Ebony Ship and win by two lengths. Dodd closed a lot of ground in the stretch to take third.

Showing a much better liking for the distance, Saffworth, with Jimmy Sivewright up, ran like a good thing to take the sixth, an allowance purse, over a mile and one-sixteenth. Last Wednesday the gelding ran last over six furlongs and 30. Laying back of the leaders in the early running, Saffworth took over entering the final turn and won going away with Royal Memory second and Witherngower third.

BANDRA PAYS WELL

Ignored by the public, despite a good effort his last time out, Munro Stable's Bandra copped the initial race over the sprint distance of five and one-half furlongs to pay $16.65, $7.40 and $4.35 across the board. Kept close to the pacesetting Tettie B, Bandra caught the leader at the wire to win in a photo finish.

Favored Miss Olivia proved much the best in the second to win by three lengths over Timely Ayre. First out of the gate, the winner was never headed. The daily double Bandra-Miss Olivia was worth $41.15.

Moving to the front when the odds-on favorite Chris Junior ducked to the outside rail entering the final turn, Pondo Pete took the third over five and one-half furlongs. It was announced after the race Chris Junior had been placed on the steward's list and would only run again at their pleasure.

Second choice Ascot Maid got down in the fourth with the favorite Eagle Crest running second, while the public choice Shasta Sue was the best in the seventh. Shasta Sue and Mosca combined for a one-two price of $9.50. Countess A. A. proved her eligibility for the hurdles by ducking out entering the backstretch and then clearing the fence. Jockey Sundquist lost his seat but suffered only a shaking up.

Sivewright was the only jockey with two winners. Other winning riders were Allen, Wilbourn, Sundquist, Sporri and Slocum.

Portland May Cinch Pennant

Portland Beavers, who have led the Coast Baseball League from the first weeks in the season right through to date, could fly the pennant—emblematic of league championship—over their stadium this week-end.

Portland's 6 to 3 victory over the San Diego Padres last night while the Seattle Rainiers were being humiliated to the tune of 11 to 3 by the Sacramento Senators, left the Beavers eight games in the lead with only 10 games to go.

The Oregonians, rallying from Thursday night's defeat, slapped down the Padres, 6 to 4, collecting 14 hits off San Diego's Jim Brillhart.

The Solons went slightly more than Berserk in the ninth inning last night to score 10 runs on eight hits and a pair of Seattle errors, crushing the Rainiers 11 to 3 after it seemed the Suds had the game well in hand.

It was the third Sacramento victory in four games here and George Mandish, pinch-hitting for pitcher John Pintar, was the chief dynamiter, rapping a one-run single, a three-run homer and scoring twice in the big inning.

The Los Angeles Angels took both games of a doubleheader from the Oakland Acorns, Don Osborn, former Vancouver Capilano mentor, of the Western International Baseball League, taking the abbreviated curtain raiser, 5 to 4, and Red Adams winning the second game, 10 to 1, helped along by a 13-hit barrage by his teammates.

Commission to Run Terrace Power Plant

The B.C. Power Commission, which began functioning this summer, is planning to take over the production and distribution of electric power at Terrace, where the privately-owned diesel plant was recently burned out.

The decision followed a visit of S. R. Weston, chairman of the commission, and his chief engineer, G. A. Vandervoort, there late last month.

It is understood the formal taking over will be completed this month.

Already plans are being projected to provide light for the community on the 24-hour a day basis.

The commission will probably install a temporary plant this fall and next year make a permanent installation. This, it is believed, may be made at Kalum Lake, where sufficient hydro-electric power would be available to meet future needs of the community.

Gordon Kerr, who operated the Terrace plant before it was burned out, will probably be retained by the commission.

New Minister Coming To Baptist Church

Rev. G. R. Easter has accepted a call to First Baptist Church in Victoria, and will begin his pastorate Oct. 7.

Mr. Easter spent the last eight years as pastor of the First Baptist Church at Brandon. He will succeed Rev. G. A. Reynolds, who is retiring.

Isaac's Testimony to God Good Policy for All of Us

Scripture: Genesis, Chapters 25-26

By WILLIAM E. GILROY, D.D.

IN PASTORAL countries, when water is scarce and flocks are large, wells and watering places are of the utmost importance in the maintenance of life and prosperity. The stories of strife over such places by rival herdmen in the Bible are but a part of the historic records of such strife in many lands and at many times.

Water has assumed in the records of the past much the place of importance and rivalry that oil assumes in the rivalry of nations today.

Great and worthy honor was attached to the diggers of wells, and to those who kept them clean and open. The well at Sychar, where Jesus met and conversed with the woman of Samaria, was known as "Jacob's Well," though Jacob had been dead for many generations.

AMONG Abraham's great achievements as a civilizer and nation builder was his digging of wells. In spite of his magnanimous attitude and his peace-loving nature, however, he had trouble over the wells, and when he made a compact with Abimelech, he complained to that king because his servants had "violently taken away" a well that Abraham had dug. Abimelech professed ignorance of the matter, and the adjustment of their dispute was signalized by naming the well "Beersheba" or "the well of the oath."

But the trouble was not ended. Abraham, it must be remembered, though he loved peace, and was willing to make much sacrifice of his personal interest to secure it, was a vigorous warrior when forced to fight. When, in the war of the Kings (Genesis, Chapter 14), his kinsman, Lot, and his family, and his possessions, had been carried off in an assault on Sodom, Abraham organized his men, pursued and signally defeated the aggressor, recovering the captives and the loot. The victory may have had its reprisals, and may have accounted for those who could not defeat Abraham in the field taking their revenge by filling up the wells that he had dug. In any case, these wells had been filled up in the troubled times, and among the best things recorded concerning Isaac is that he dug again the wells of Abraham that the Philistines had stopped up.

THIS WASN'T enough, however, for new strife arose between Isaac's herdmen and those of the herdmen of Gerar, where Isaac had settled. But Isaac had inherited Abraham's conciliatory nature and his persistency. When the herdmen fought over one well, Isaac called it Esek, meaning Contention; when they fought over another, he called it Sitnah, meaning Hatred; but when he dug another well, for which there was no strife, he called it Rehoboth, meaning Room, "for now," he said, "the Lord hath made room for us, and we shall be fruitful in the land."

There is a parable in all this for those of us who live today. God has really made room for us all, if we choose to live in peace and fruitfulness. Appeasement in our time has been accompanied with disregard for right and justice, and the results have been disastrous; but this should not blind us to the general fact and law that good will begets good will.

REV. G. R. EASTER

Rev. G. R. Easter, B.A., B.Th., has accepted a call to the First Baptist Church, Victoria, and will commence his pastorate here the first Sunday in October.

Mr. Easter is well known throughout western Canada as a strong preacher, a keen student and a succesful pastor. During his eight years in the First Baptist Church, Brandon, Manitoba, he gave outstanding leadership to every department of church work. Coming to Victoria as a young man of sound scholarship and with a successful record, he should be a valuable acquisition to the already strong preaching personnel of this city. ***

Victoria Jews Hold Yom Kippur Service

From sundown Sunday to sundown Monday, members of Victoria's Jewish community will take part in services at the Jewish Synagogue, Blanshard and Pandora, on the occasion of Yom Kippur, the Jewish day of Atonement.

Rev. H. R. Toft will conduct services, assisted by J. H. Nairod.

Yom Kippur is observed by Jews the world over as a day of prayer, repentance and fasting and the eve of the holy day is marked by a religious service, called Kol Nidrei, because of the ancient prayer which is chanted on this occasion, asking forgiveness "even for the sins which were committed unwittingly and unwillingly."

Big Reception for Troops Is Planned

The reorganized 1st Battalion, Canadian Scottish Regiment is expected to come back to Victoria as a unit at the end of February or the beginning of March, and will probably be welcomed at a large public reception. This revised plan was announced Friday at a joint meeting of the Greater Victoria Welcome Home Committee and the Citizens' Rehabilitation Council.

Original plan to welcome home the battalion had previously been canceled when it was indicated that the force coming home would be small.

The meeting was held at the City Hall. Col. H. M. Urquhart, A.D.C., colonel of the Canadian Scottish, and Maj. H. Cuthbert Holmes, chairman of the special citizens' committee for the Scottish welcome, were present.

The force returning to Canada is now expected to number betweeen 700 and 1,000 men, with all district men coming to Victoria on a special boat.

Maj. Holmes suggested that all plans for welcoming home servicemen should be merged into a joint civic and private reception at the Armory. The number of men and relatives will run into thousands, Maj. Holmes said, and it will mean running the reception over several nights. He said considerable financial support had been pledged to the citizens' committee for the welcome.

A meeting for complete discussion of welcome home plans will be held shortly. The Greater Victoria committee comprises council representatives from the city and municipalities under chairmanship of Ald. W. H. Davies. Forrest L. Shaw is chairman of the Citizens' Rehabilitation Committee.

FURNITURE (Continued)

A LOT of people have been shooting off their faces, on their particular system of "beating at the races." One fellow where I buy my cigarettes, certainly believes in quantity bets. "Just buy a ticket on every filly," but that's no fun, and 2 me seems silly. Another chap always bets No. 2, it comes in more often than others do. A dear old lady always mkes up her mind, by the way a horse holds his tail up behind. Another chap, "my system is wicked" I always get behind at the $20 wicket, and if I can't hear what he just said, I plunk down a twenty and nod my head." But my system beats all the rest, I don't just bet and hope for the best. As they parade by I just droop o'er the fence, one gives me the nod, and that's horse cents.

Hurricane Warnings On Florida Coast

MIAMI, Fla. (AP)—Hurricane warnings were hoisted along Florida's west coast northward from the Florida Keys to Naples today as a dangerous storm that had battered the Bahamas with winds of more than 100 miles bore down on the Keys and threatened to sweep across the low-lying chain of islands into the Gulf of Mexico.

The Miami weather bureau in an advisory at 5.30 a.m., E.D.T., ordered extension of the hurricane warnings that have been flying along the peninsula's east coast southward from Fort Lauderdale along the Keys to the Dry Tortugas since Friday.

At that time the storm, paced by winds of more than 100 miles near the centre, and winds of hurricane force over a considerable area, was located about 200 miles southeast of Miami, and was continuing its west-northwestward course.

Election Officers Leave for East

Charged with organization of polls and supervision of service voting in other provinces during the B.C. general election Oct. 25, nine officers left Victoria Friday for Halifax, Toronto and Regina.

Capt. W. R. Webster, who has charge of the service vote, estimates there will be 5,000 service voters in Canada outside B.C. and perhaps 10,000 in Britain.

Classed as special deputy returning officers, the men who left Friday are:

Toronto: H. J. Nicholson, Vancouver; O. J. Boulton, Victoria; I. J. Sankey, Duncan; and David McCutcheon, Vancouver.

Halifax: L. J. Robertson, Vancouver; and Wilfred Nadeau, Quesnel.

Regina: G. F. Cooper and W. Digby, Vancouver; and William Childs, Victoria.

The officers will suggest to Capt. Webster camps where it will be necessary to hold special polls and then orders-in-council approving these will be passed.

Planes to Patrol B.C. Fishing Areas

The most effective control of illegal fishing, aerial patrols on the B.C. coast will be resumed immediately by R.C.A.F. seaplanes, G. J. Alexander, deputy fisheries commissioner, announced.

The patrols, halted with the start of the war six years ago, will be again augmented to supplement land and boat patrols of the Dominion Fisheries Department.

Besides assisting in enforcing the fishing laws, the patrols also are valuable in locating schools of fish and in keeping in touch with otherwise inaccessible areas.

Two aircraft will probably be used.

Mansell Slated For Rupert Post

A vote of property owners of the Oliver district on a proposal for incorporation will be conducted before Oct. 31, it was learned here.

The B.C. Cabinet has appointed Stuart B. Hirtle, secretary of the Oliver Board of Trade, as returning officer.

Other votes are scheduled to be taken on incorporation of Comox and Osoyoos, soon.

Helen Mack Stars In York Showing

A valuable nurse made possible the services of a valuable actress, Helen Mack is free again for film assignments. She undertook the important role of Angeletta in the Alan Ladd-Loretta Young starrer, "And Now Tomorrow," because she had finally found a nurse capable of handling her baby boy.

Miss Mack, whose performance in "His Girl Friday" and "Four Hours to Kill" carried emotional wallop, left Hollywood three years ago to live in New York with her radio official husband, Tom McAvity. She took part in the famous radio show, Myrt and Marge, playing the part of Marge, following that star's accidental death.

Helen made her stage debut on Broadway at the age of seven, and, although a very young woman today, might be considered a veteran performer. In "And Now Tomorrow" she plays the part of the work-weary wife of a millhand, whose son's life is saved by the efforts of Ladd and Miss Young. The film is an adaptation of the Rachel Field's best-seller and opens Monday at the York Theatre with Susan Hayward and Barry Sullivan included in the strong cast.

RIO THEATRE

Brad King, the handsome cowboy who rides with William Boyd, in the newest Paramount "Hopalong" Cassidy action picture, "Twilight on the Trail," now at the Rio Theatre, is no tenderfoot.

King holds 35 rodeo championships, won at the most important events from New Mexico to Oregon. He is an expert roper and is dead shot with both rifle and six-gun.

CADET THEATRE

After testing many of the greatest stars in Hollywood, King Vidor selected a screen newcomer, Ann Richards, young Australian actress, for probably the most coveted role of the year, that of Ann O'Rourke, in Metro-Goldwyn-Mayer's "An American Romance," the new technicolor production currently at the Cadet Theatre.

Horticultural Show To Open Sept. 28

Final flower and vegetable show of the 1945 season will be staged by the Victoria Horticultural Society Sept. 28 and 29 in the Crystal Garden.

Feature of the display will be chrysanthemums, dahlias, michaelmas daisies and other seasonal flowers and vegetables.

Special classes in the vegeable sections are being reserved for new exhibitors.

Entries are now being received and catalogues and information may be obtained on application to the secretary, Ald. D. D. McTavish, 607 Fort Street.

More Newsprint Coming in October

OTTAWA (CP)—Canadian and U.S. publishers, hard pressed through the war for paper stocks to supply a newspaper-hungry public, heard with relief today of Canada's second increase in her ration of these stocks and the fact she will soon consider the possibility of entirely abolishing the ration control.

The Prices Board disclosed that the allocation of Canadian newsprint to U.S. publishers will be increased 10,000 tons a month for the last three months of this year. Canadian publishers will benefit by a proportionate increase.

Canadian publishers have been drawing an average of 16,500 tons monthly over the last few months. At the same ration as the U.S. increase, they can expect about 750 more tons a month for the next three months, starting in October.

Liberated in Siam

Sgt. Gordon S. Ohrt, son of Mr. and Mrs. Frank M. Ohrt, Ten Mile Point, has been liberated from a Japanese prison camp in Siam, according to a telegram received by his parents.

Sgt. Ohrt was born in South Africa and educated at Malvern College, Worcestershire, and Glenlyon School, Victoria. He went to Australia in 1937 and joined the Australian army at the outbreak of war. He was captured by the Japanese at Singapore.

'Affairs of Susan' Opens at Capitol

Frederick Hollander, the German-born composer who was brought to the United States by Paramount at the insistence of Marlene Dietrich, wrote the musical score for "The Affairs of Susan," the sophisticated comedy arriving Monday at the Capitol Theatre. The film, a Hal Wallis production for Paramount, stars Joan Fontaine and George Brent.

Hollander who has scored some of the most important pictures of the past decade, wrote the music for "The Blue Angel" the picture that made Miss Dietrich famous on this side of the Atlantic. One song, "Falling In Love Again," originally written with German lyrics, was published here and promptly put Hollander into the "Tin Pan Alley" front ranks.

Midnight Show Sunday at Rio

While James Cagney seems to have done O.K. pushing grapefruit into the face of his feminine leads, comedian Phil Silvers says nothing doing on the rough stuff. Not, at least where the lady concerned is Carmen Miranda.

Phil's refusal to slap La Miranda's face stemmed from a scene in "Something for the Boys," 20th Century-Fox's technicolor musical coming Sunday midnight to the Rio Theatre.

In one scene, the script called for Phil to go into his famed telephone routine with Carmen. The comic has performed this skit with such distinguished stooges as Mickey Rooney, Frank Sinatra and others.

"Slapping Mickey or Frank was strictly slapstick," Phil protested, "but slapping Carmen would be plain murder!"

PLAZA THEATRE

Through use of a complicated network of piano wire, dance director Louis Da Pron achieved unusual floating effects for a mirror dance in Universal's "That's the Spirit," now at the Plaza Theatre.

Each of 50 girls was tied to the end of wires, invisible to the camera. The other ends were attached to four levers, each manned by a husky grip.

As the grips moved the levers back and forth at Da Pron's direction, the girls leaned forward and backward over the large mirror in the floor.

Although "That's the Spirit" has several musical numbers, the picture is a comedy-fantasy in which Jack Oakie appears as a visitor from heaven, and Peggy Ryan is seen as his daughter.

DOMINION THEATRE

Dorothy Lamour has 15 changes of costumes in her current film, "A Medal For Benny," currently at the Dominion Theatre. With the exception of one black dress, they all are variations of the Mexican peasant blouse and skirt. Paramount fashion designer Edith Head, who pioneered Mexican adaptations for the screen, created them for the star.

Lamour plays a paisano, or California Mexican, girl in the picture the screenplay of which is based on an original story by John Steinbeck and Jack Wagner. Arturo de Cordova is costarred with her. Irving Pichel directed.

YORK THEATRE

This marks the beginning of Edward Arnold's 40th year as an actor.

The famous character star began his career as a boy actor in the role of "Philostrate" for the Ben Greet Players. His latest role is that of the smiling Oriental villain of M-G-M-'s technicolor film, "Kismet," which stars Ronald Coleman and Marlene Dietrich at the York Theatre.

In between, Arnold not only has had a notable stage and screen career, but as the former president of the Screen Actors' Guild and organizer of the Permanent Charities Committee of the Motion Picture Industry, he has gained international fame.

Roz Russell, Carson In 'Roughly Speaking'

Andrea King, lovely young Warner Bros.' featured player, currently to be seen in Warners' "Roughly Speaking," which stars Rosalind Russell and Jack Carson, and is coming Monday to the Atlas Theatre, has added something new to make letter writing and receiving just a little different. Andrea claims credit for thinking up an idea which is sure to be a hit with servicemen everywhere, who have the good fortune to be stationed in the vicinity of a phonograph.

Here is Andrea's suggestion. Record a very personal message for your own special serviceman and then paste your picture in the centre of the record. Finally, place a firm imprint of your lips smack in the centre of the picture.

THE SALVATION ARMY
IMPORTANT
to the friends of the
SALVATION ARMY
Many friends of the Salvation Army in Victoria have noticed that it is not participating in the current campaign of the Community Chest. This is no reflection on that splendid organization or the worthy agencies it supports. On the contrary, we urge every citizen to give generously to the Community Chest. The great work of the Salvation Army will, however, in conjunction with the Salvation Army across Canada, present its claims for your support sometime in the month of November. We know we can count on you then for the same generous support you have always afforded this great alleviator of human sorrow and suffering.

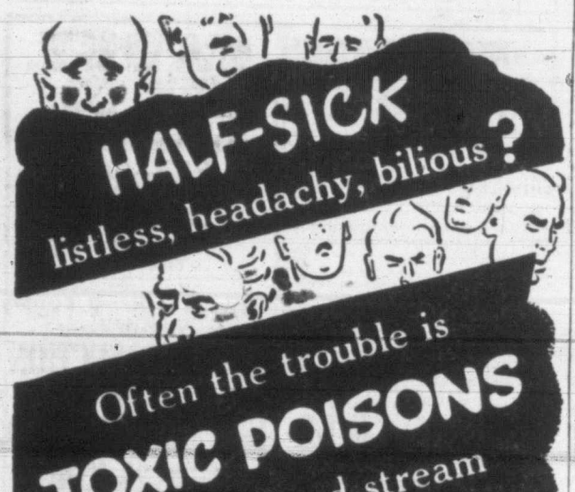
Answer to Previous Puzzle



• You know the feeling—not sick enough to go to bed—but hardly well enough to carry on. Headachy, listless, bad taste in the mouth, poor appetite and upset stomach. All of these symptoms and many more can be the result of constipation. Can mean that certain toxic poisons are being absorbed into the blood stream.

Don't take chances with constipation. If your system is not working properly, give it the help it may need—you'll feel better for it.

Andrews Liver Salt, the pleasant-tasting, effervescent, saline laxative offers just the help you may need. A sparkling, bubbling glass of Andrews Liver Salt taken first thing in the morning, when needed, usually acts before you leave for work. Makes you feel better all day.

Besides relieving constipation, Andrews Liver Salt neutralizes excess gastric acidity . . . an important point when you want to get feeling better in a hurry.

Be sure you get *real* Andrews Liver Salt . . . the pleasant-tasting, saline laxative that has helped millions. Get it *today!*

One Woman's Day . . .

By NANCY HODGES

SUDDEN DEATH—BY MAIL

I LAUGHED when I read in an eastern paper the other day of the farmer who sent an order to a mail-order firm.

He asked them to send him "only half a pound of this here atomic stuff."

And, read the goggle-eyed clerk, he wanted it "for killing the bugs on his spuds."

Being a most obliging firm, eager to please a customer, the order was referred to a government department, which delves into and delights in statistics.

Where the experts computed that U-235—as the constituent of the atomic bomb is evidently officially known—may be available in concentrations up to ten per cent some day—at about $12,000 per pound!

PESTS PROMISED D.D.T.'S

I HEARTILY sympathize with that farmer's desire to pulverize potato—and other—bugs.

That is why my gardening soul rejoiced to see that pestiferous insects are threatened with double-D.T.'s.

Not in the shape of performing pink elephants, perhaps. But in the shape of sudden death.

For D.D.T.—or to give it its full name, dichlori-dithenyl-trichlorethene — which proved so invaluable during the war is itself going to make war.

On flies and fleas and bugs and others of their ilk, so they had better be warned.

WHERE FLIES GO

BRITISH Columbia farmers are already finding out where flies go in the wintertime.

But they won't come back on another day, as the old song had it. For the farmers are spraying their dairy barn walls with a solution of D.D.T.

And, according to the superintendent at Essondale Colony Farm, this new insecticide has produced amazing results as a fly killer.

A few weeks ago, a provincial park near London, Ontario, was blanketed with a D.D.T. vapor under government direction.

This was the first pleasure resort in Canada to receive the spraying process, which was aimed at the "millions of mosquitoes which swarmed in that area."

(Note to the London Publicity Bureau or Board of Trade: This allegation didn't originate with me! I quote it from a London paper.)

COMPLETELY SUCCESSFUL

OFFICIALS have been studying the effect of the operations, which were concluded on July 22.

And, to quote the park superintendent, the spraying completely rid the park of the pests.

True, he admitted that some mosquitoes were reappearing. But, he added, the number is small and the nuisance factor negligible.

I hae me doots about that last bit about "negligible nuisance." I have never yet met a mosquito which wasn't hitting on all six! And my consequent discomfiture was anything but negligible!

Moreover, he pointed out, it will reduce the egg-laying potentialities of the critters.

So that there won't be so many next season. Of course, only time will tell whether mosquitoes and flies will go broody after D.D.T.

BIRDS NOT AFFECTED

IT was comforting to me to learn, from the same source, that the spraying had no apparent effect upon the birds of the area.

Government officials watched the little feathered denizens of the park and noticed that they were continuing to live in a normal manner.

Doubtless the elimination of the insects in question meant many a meatless day for the birds, but let's hope they made up for it with extra rations of fruits and greenstuff.

As to the effect of the vapor on the fish in the streams and pools, no negative results have been perceived so far.

But the Dominion government entomological laboratory at Chatham, Ont., is now conducting an intensive study of the results.

PERHAPS IN PAINT

TO date, the government controls the supply of D.D.T. But when it is released for public use, it is likely that British Columbia will have less flies than ever.

For already it is being predicted that paint manufacturers are experimenting with a new paint, dosed with D.D.T.

Which, when sprayed upon kitchen walls, will play havoc with the flies that skate on the surface.

Speaking of flies on surfaces, wouldn't it be marvelous if some sort of D.D.T. hair-lotion could be found for bald heads?

I can see infinite possibilities for the use of the new insecticide, even if it is hardly suitable for spraying on babies, as someone suggested!

CHEAP, SAYS U.S.

ACCORDING to reports from the United States, the cost of this new protection should not be at all high.

In fact, a Washington source says the average householder will be able to buy immunity from pests for between $1.75 and $3.50 a year.

And that a 50 cent handsprayer, about a dollar's worth of D.D.T. powder, a quarter's worth of kerosene and a soap emulsifier—for mixing purposes—would be all that is required.

If this new discovery does all that it promises, then the world before long will be flyless, flealess and bugless. Happy day!

But I can't help feeling that, seeing as how nature abhors a vacuum, some other equally noxious little beasties will take their place.

Lauzon Tells Police Things Different if He Had Right Gun

CHARLOTTETOWN (CP) — Dark, cocky Ulysse Lauzon, suspected bank robber who had been sought by police of five provinces and was arrested at the Covehead race track near here Wednesday afternoon, told the R.C.M.P. at Charlottetown "that if he had had the gun he used to rob Ontario banks it would have been a different story" when he tried to shoot R.C.M.P. Constable W. H. Warner while Warner and Constable T. H. Keefe were taking him into custody along with his wife Eileen and Walter Koresky, a companion.

Lauzon told police here Friday, shortly before he was taken away by Quebec provincial police, that he had planned to shoot Warner and Keefe, throw the bodies into the back of his car and then head for Borden and leave Prince Edward Island.

He said he planned to dispose of the bodies by throwing them overboard while making the ferry journey from Borden to Cape Tormentine, N.B.

Lauzon added that his plan might have succeeded if that "Yellow . . ." Koresky had not lost his nerve and thrown his gun away.

MURDER? WHY NOT?

Asked by police if he would commit murder, Lauzon replied, "Why not?"

Lauzon said the R.C.M.P. constables "sure had guts—lots of guts."

"When I had my gun pointed at Warner he kept coming," Lauzon said.

The 22-year-old Lauzon said he expected to get about 17 years in prison. "By that time planes will be numerous, and we may be seeing you," he threatened.

Lauzon, who said he escaped from an Ontario prison by sawing the bars while a pal sang to cover the noise, and then climbed the wall by means of a 30-foot rope manufactured from blankets, said he had $300,000 "stashed away where no one could get at it."

He said that at one time he had been worth $500,000.

Shortly after he told his story to Charlottetown police Lauzon, his 20-year-old wife and Koresky were taken by Quebec provincial police on the beginning of his journey back to Quebec, where they are suspected of stealing a car, and later to Ontario to answer bank robbery charges.

Red Army Officers To Get More Food

MOSCOW (AP)—Red Army officers won sweeping new benefits today. Red Star, the army newspaper, announced Russia had:

1. Raised officers, including reserves, to the second food category. They will receive food free of charge and continue to get an extra officers' ration.

2. Waived future payment of taxes by officers.

3. Re-established the system of providing orderlies for generals, colonels and other officers whose duties make them desirable.

In an editorial explaining the benefits, Red Star said that:

"Soviet officers must and can answer with only one thing, to increase even more their fruitful work of strengthening the might of our armed forces for the welfare of the socialist fatherland."

San Francisco May Be Permanent Home

WASHINGTON (CP) — Reports reaching here from London indicate the likelihood that either San Francisco or Geneva will be chosen as the permanent home of the United Nations' organization for peace for which the charter was written in San Francisco last spring.

The preparatory committee of the organization now is meeting in London with representatives from 14 united powers on the executive committee, including Canada and the U.S.

There had been discussion in high circles of the suggestion that Quebec or some other Canadian centre might be a suitable selection for a new Geneva. But it now appears the choice has whittled down to San Francisco and Geneva.

It is understood the Soviet Union would like to see San Francisco win the hoonr. The people of that city have already prepared elaborate plans for a United Nations organization home on the twin peaks dominating the city proper.

Grain

WINNIPEG (CP) — A substantial export business in wheat to the United Kingdom was reported today on the Winnipeg grain exchange, and while the exact amount was not announced, it is estimated that it is more than 10,000,000 bushels. No other export business in wheat or coarse grain was reported.

Rye futures prices showed some irregularity early in the trade when an easier tone at Chicago prompted some selling. Later offerings dried up, and values advanced in response to local buying. Trading was somewhat inactive.

At the close prices were 1½ to 1¾ higher, with October 1.64; December 1.57¼ to 1.57⅜; May 1.53½ to 1.53¾, and July 1.44¼.

CHICAGO (AP)—Short-covering in late trade pushed rye future prices up around a cent a bushel today after early weakness. Other grains were steady to firm most of the time.

Forecasts of possible frost in parts of the corn belt led to firmness in that grain.

Wheat closed ¼ lower to ⅝ higher, corn ¼ to ⅜ up, oats were ⅛ down to ¼ up, rye was ⅛ lower to 1⅞ cents higher and barley was unchanged to ¾ lower.

Labor Rifts Help Industrials to Slip

NEW YORK (AP) — Growing labor rifts throughout the United States helped put a further chill on the market today and leading rails, steels, motors and pivotal industrials backed down fractions to more than two points.

Friday's reaction was extended at an active opening. Dealings slackened at intervals but turnover of about 600,000 shares compared with 390,000 last Saturday. Here and there extreme losses were reduced near the close.

610 Canadians Now Freed From Japanese

OTTAWA (CP)—The Canadian army Far Eastern repatriation group has reported that approximately 610 Canadian troops now have been liberated in Japan and Hongkong, Defence headquarters announced today. Of that number 250 have been evacuated by sea to Guam and all were in "fair health."

Next-of-kin of all personnel whose names have been reported to Defence Headquarters have been notified and new lists of liberated men are constantly being received from the repatriation teams.

The repatriation group which left here two weeks ago has been split into eight teams, four of which are doing recovery work in Japan, two in Hongkong, two in Guam and some personnel in Manila.
